The company

**E. Epple & Co. GmbH**

Hertzstraße 8, 71083 Herrenberg

has successfully participated in 2007/08 in the

**Project ECOfit**

funded by the State of Baden-Württemberg/ Germany.

The institution has performed a weak-point analysis in respect to environmental protection, assessed its compliance with applicable environmental law, compiled an environmental programme, and created the basis for the continuous improvement of its environmental performance. In doing so, the institution stands out due to its exceptional commitment to in-house environmental protection.
